

Make it Easier for Baby in Summer

Many of the Hot-Weather Troubles Can Easily Be Avoided

If the mother will see to it that the bowels are kept regular, much of the illness to which children are most susceptible during hot weather, can be prevented.

A mild laxative, administered at regular intervals, will prove an excellent preventive of summer complaints that are caused by inactive bowels. The combination of simple laxative herbs with pepsin, sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin, is excellent for children, being pleasant to the taste, gentle yet positive in action, and free from opiate or narcotic drug of any description. It acts naturally, without griping or other discomfort, and is altogether dependable.

The cleansing of the bowels will most effectively check an attack of diarrhea by expelling the foreign matter and poisons that irritate and inflame

the tissues. In every home a bottle of Dr. Caldwell's Syrup Pepsin should be on hand, ready for use when occasion requires. It costs only fifty cents a bottle and is sold in drug stores everywhere. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 453 Washington St., Monticello, Ill.

Ironing Ladies' Summer Clothing

Is an art—and in this Laundry is in the hands of girls who ARE ARTISTS in this particular work. Day after day they iron only LADIES' DAINTY WEAR. As their finished work is always carefully inspected, and as they are constantly gaining in skill from practice, you will understand why it is that our work is always so different from that obtained elsewhere or done at home. SKILL AND CARE DOES IT.
